

# Brookshire Park Annual Meeting Feb. 15, 2023

## QUICK ZOOM MEETING REMINDERS

- **Everyone PLEASE stay on mute** 
  - This is so that the audio everyone hears doesn't switch to your background noise or sidebar conversation by accident!
- **Please put your questions in the chat box**
  - We will answer/call on people from questions in the chat, but we will go through all slides first and do that at the end during Q&A since this is virtual (and harder to have free-flowing discussion)
  - Any questions not answered can be emailed to [BPofficers@wphadallas.com](mailto:BPofficers@wphadallas.com)

# Brookshire Park Expanded Neighborhood Patrol Annual Meeting Minutes February 24, 2022

The annual meeting of the Brookshire Park Expanded Neighborhood Patrol membership met on February 24, 2022 via Zoom due to the pandemic. Courtney Nall generously hosted the meeting.

The meeting was called to order at 7:03pm by Dorit Suffness. A quorum was present for voting.

Julie Bleicher moved that the minutes of the February 11, 2021 meeting be approved; Andrew Nall seconded. The minutes were approved unanimously.

Officers were elected:

President: Dorit Suffness

Vice-President: Elissa Plotsky

Treasurer: Andrew Nall

Membership Chair: Julie Bleicher

Ad Hoc: Linda Hodgson

The meeting continued with remarks by Jaynie Schultz, city council member for our neighborhood. Ms. Schultz reported on various items of interest to neighbors. Ms. Schultz also answered questions from attendees on a variety of topics, including panhandling, homeless encampments, how to request street bumps, stop signs or other traffic mitigation, etc. She also encouraged neighbors to sign up with his office for news and alerts of interest.

Sgt. Jared Pomponio, who is a member our ENP crew, also attended and provided remarks. He reported on staffing of the patrol and provided safety tips to neighbors.

Dorit Suffness presented a slide show reviewing activities of the ENP. Dorit reviewed the volunteer needs of the ENP and encouraged everyone to consider how

and when they can help. She announced this will be her last year as President and strongly encouraged others to volunteer in order to keep the ENP effort sustainable.

Financials were reviewed and more members are encouraged to join. All were encouraged to sign up for email alerts and to several other online resources, as well as encourage their neighbors to join the ENP.

Elissa Plotsky agreed to contact Lori Sparks to develop a system to learn about people moving into and out of the neighborhood.

There being no other business, the meeting was adjourned at 8:46pm.

Respectfully submitted

Dorit Suffness, President

# ENP

Expanded Neighborhood Patrol: what is it, benefits, police officers, financials, member renewals

# What is the Expanded Neighborhood Patrol?

- ENP (**Expanded Neighborhood Patrol**) is a security program provided under contract with the Dallas Police Department employing off-duty, uniformed Dallas police officers to patrol the neighborhood in fully equipped DPD squad cars.
- Streets and alleyways (where navigable) are patrolled by DPD patrol officers with onboard access to the DPD computer system where they can check for warrants on suspicious people and check for stolen cars.
  - They are connected to the dispatch system as if s/he were on duty.
  - They respond to 911 calls from dues-paying members when they are on duty. short-stopping the on-duty officer.
  - They are DPD officers that work in our precinct and have responded quickly when they have received 911 calls while not on ENP patrol.
  - They also work with many neighbors while discussing crime and have become a part of the Windsor Park family ... and an ENP officer even arrested a porch package thief that had been seen on a RING camera!
- The ENP board maintains a camera map of the neighborhood and utilizes video when crime occurs.
  - The implementation of our security program seems to have helped with the crime in Windsor Park but theft seems to be on the rise in surrounding neighborhoods.
- We schedule as many shifts as possible with the dues collected and hope to add more participants during the year to increase the number of hours that the officers patrol.

# ENP Membership

- The following information highlights the benefits of becoming a paid member of ENP:
  - Members will receive the cell phone number of the patrol officers you can add to your phone contacts. The contacts on their phone include all paid ENP Members., so if you text or call they know you are a member or not.
  - Although 9-1-1 should ALWAYS be called first for a potential police matter, Members can leave a voicemail or text message (preferred) on the ENP cell phone when an officer is not on duty (calls returned when the next ENP shift begins). Also, the ENP officer can call a Member if he needs to talk with you about something at your house.
  - Members can complete an out-of-town Trip Notice Form on-line for special attention while gone. This service can include a perimeter check of your home when patrol is on duty if requested.
  - Members will receive an ENP “Member” lawn sign and sign suitable for mounting on the back fence during the term of membership but which remain the property of ENP.

# WPHA Dallas ENP Membership Goals for 2023

- In 2022 we authorized 14 weekly 4-hour shifts, for 56 hours of patrol weekly, and an additional 60 hours of surge patrols in Dec 2022. The rampant COVID spread and DPD demand for OT hours can make it a challenge to always fill the scheduled shifts.
- For 2023 we needed to give our patrol officers a \$10/hr (22%) raise due to demand for OT hours, without increasing our Membership Fee.
- 371 Members would be needed to support this level of patrols continuously (compared with 321 in 2022), but we will use reserves while building membership.

# ENP Membership Fees

- **ENP annual:** \$500 by check or \$525 by credit card
- **Monthly option:** \$55 per month
  - This is also the way it's pro-rated if you join in Summer/September

# OurDallas App

**OurDallas** app is available on mobile devices

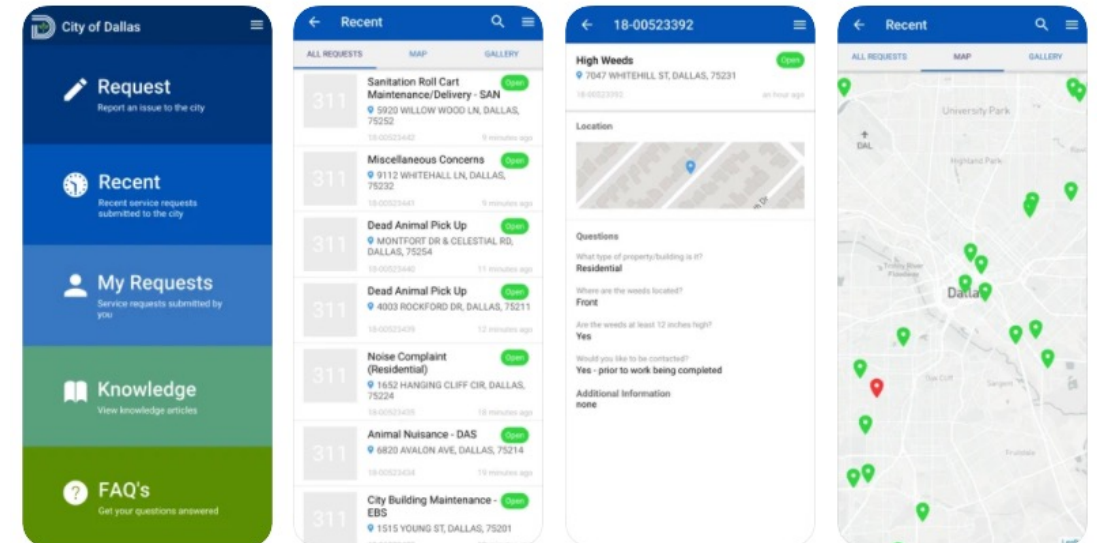

On this app you can report road hazards, nuisances, traffic signage or light issues, sanitation issues, and more

It's especially useful for reporting potholes!

**311** (not 911) is another good reporting option
